

Thomas Meehan, whose conscientious devotion to the welfare of the Academy, and especially of its Botanical department, during more than forty years of membership, is warmly appreciated by his associates. A minute embodying the Academy's sense of its loss has been published in the *Proceedings* and a biographical notice, to be read at an early meeting, is in course of preparation by Dr. John MacFarlane.

A reception was tendered to Dr. A. Donaldson Smith, to whom the Academy is indebted for valuable additions to the Museum, on his last return from Africa. The occasion was enjoyed by many who were interested in Dr. Smith's work as an explorer.

The President has appointed Mr. Clarence B. Moore as a representative of the Academy to serve on the General Committee of Arrangements for the International Congress of Americanists to be held in New York next year.

Messrs. Vaux, Nolan, Wistar, Roberts and Schaeffer have been appointed a committee to consider and report on the subject of memorial tablets to contain the names of benefactors of the Academy, and to be placed at the entrance to the Museum.

All of which is respectfully submitted,

EDWARD J. NOLAN,

Recording Secretary.
